

Two Visiting Assistant Professor in Mathematics

The Centro de Investigación en Matemáticas [CIMAT, <http://www.cimat.mx/>] is inviting applications from individuals with great potential for mathematical research for up to two visiting assistant professor positions. These positions come with a two-year contract, with the potential for a third-year extension, and are scheduled to begin in 2026. The applicants can apply if they are students in a doctoral program, but must hold a PHD in Mathematics before starting the position. They should have obtained their doctoral degree no earlier than January 1, 2019. We are looking for individuals with the capacity to excel in both research and teaching. The usual teaching load is one class per semester.

CIMAT is part of the Public Research Centers coordinated by the National Council for Humanities, Science and Technology of México [CONAHCyT]. We are committed to increasing diversity in our department and particularly encourage applications from women. Equal employment opportunity and diversity are values at CIMAT, and we are committed to ensuring equitable opportunities for underrepresented groups.

Submit your applications via mathjobs, which should include the following documents:

- Cover letter
- Curriculum Vitae (if applicable, include identifiers in scientific databases such as MR number, Scopus Author ID and ORCID)
- Research statement
- Teaching statement
- At least two reference letters regarding research
- One reference letter regarding teaching

Knowledge of the Spanish language is not required. The deadline to submit material is November 22, 2024. If you have question, please email plazas.basicas.temp2024@ciamat.mx
